

# Why choose RotoSpa?

## The **ONLY** hot tub manufacturer in the UK

### Intelligently Controlled Personal Environment (ICPE)

Carefree, gentle and quiet flow **means** sublime relaxation.

### Socially Designed

2-6 contoured seating with atmospheric lighting **creating** a fun, entertainment hub.

### Clinically Developed Hydrotherapy System

Delivers 90% buoyancy, improving body circulation with targeted massage **means** less pressure on joints and muscles, aids tissue repair and recovery, soothes the body and increases natural sleep.

### Unique 'RotoTherm' Insulation

Significantly reduced heat loss and energy consumption **keeps** running costs low - **costs less than a pint of milk per day!**

### Ultra high flow filtration

50sq ft of filtration surface area which automatically treats 99.9% waterborne bacteria and viruses **means** safe crystal clear water.

### Tonka Tough

Lifetime shell guarantee, designed for the unpredictable UK climate **means** you will never have to replace your tub - **a spa for life!**

### Free fully loaded essentials pack

One price total solution **means** no hidden extras - delivered, filled and ready to go!

### Ergonomic design

OneTouch operation **promotes** safe, effective easy use.

### Proven industry leading components

Premium suppliers using leading technologies **means** world class reliability and efficiency.

### UK's **ONLY** spa manufacturer

Comes direct from the manufacturer **means** less handling charges **offering** maximum quality at the lowest cost.

### Stays **NEW** forever

Easy lifetime care for your spa **means** assured peace of mind.

### Anywhere spa

Purposely designed for easy access **means** no crane or foundations required, so if you decide to move you can take your spa with you.

### Plug 'n' play!

Powered from standard household electricity supply **means** no expensive electrical work required.
